Waco, TX • (832) 985-3410 • landri_robinson@sbcglobal.net • [linkedin.com/in/landri-robinson-632848255](https://www.linkedin.com/in/landri-robinson-632848255)

CAREER PROFILE

Results-driven Management Information Systems graduate with hands-on experience in data analytics, AI system implementation, and business automation. Completed three consecutive internships at Knight Energy Services, building practical skills in Python, SQL, Amazon QuickSight, and enterprise AI tools. Proven ability to manage complex projects from end to end, communicate across technical and non-technical teams, and deliver solutions that drive operational efficiency. Seeking a full-time role in data analytics, business technology, or AI and automation.

EDUCATION

Baylor University — Waco, Texas

Expected May 2026

Bachelor of Business Administration — Management Information Systems

Dean's Academic Honor List, Fall 2025

PROFESSIONAL EXPERIENCE

Knight Energy Services — Houston, TX

Data & AI Intern

Summer 2025

- Supported the implementation of enterprise AI systems by contributing to development, testing, and integration tasks, ensuring seamless deployment across business operations.
- Migrated legacy PowerShell automation scripts to Python, improving code maintainability, scalability, and reducing manual troubleshooting overhead.
- Partnered with cross-functional technical teams to optimize automation workflows, resulting in measurable improvements to system performance and operational reliability.

Knight Energy Services — Houston, TX

Business Intelligence Intern

Summer 2024

- Designed and deployed automated revenue reporting dashboards in Amazon QuickSight, reducing manual reporting time and improving data accessibility for business stakeholders.
- Automated revenue reporting pipelines, reducing manual workload and improving data accuracy across financial operations.
- Performed accrual analysis on company revenue data to identify product-specific discrepancies, improving reporting integrity and decision-making.

Knight Energy Services — Houston, TX

Data & Operations Intern

Summer 2023

- Organized and maintained a large technical dataset for tubular equipment product lines, structuring data for internal teams and customer-facing publication.
- Developed comprehensive product specification sheets in Excel for the full company catalog, ensuring accuracy and consistency across all customer-facing documentation.
- Independently completed a stalled, multi-phase product documentation initiative, delivering a finished catalog used directly by customers and the sales team.

Anna Romani Photography — Golden Graduates — Waco, TX

Associate Photographer

Spring 2025 — Present

- Collaborated with the lead photographer to capture high-quality graduation portraits for hundreds of students per season, maintaining consistent quality under high-volume conditions.
- Directed student positioning and wardrobe adjustments to maintain shoot efficiency and schedule adherence without compromising image quality.
- Fostered a professional and welcoming environment on high-traffic shoot days, quickly building rapport to ensure student comfort and confidence on camera.

PhotosByLandri — Houston, TX

Founder & Owner

2019 — Present

- Managed the full client project lifecycle — from initial inquiry and creative consultation through final photo delivery — maintaining accountability for quality and client satisfaction at every stage.
- Developed and executed a digital marketing strategy across social media platforms, growing a client base and converting followers into paying customers through consistent brand storytelling.
- Conducted client consultations to translate creative visions into detailed session plans, ensuring full alignment on concept, location, and expectations prior to each shoot.

Urban Mutt Retreat — Houston, TX

Kennel Staff

Spring 2022 – Fall 2022

- Provided consistent, high-quality care for boarded animals in a fast-paced, team-oriented environment.
- Communicated proactively with pet owners to ensure transparency, trust, and a high standard of customer service.
- Maintained clean, safe facilities and supported efficient day-to-day kennel operations.
